|---|---|--|---|
| 2. Measures taken to complete the syllabus of courses and programs.                             |   | <p>The COVID-19 pandemic has thrown a huge challenge to education systems. Faculty members, institutional head, and officials of JUET took various measures on addressing the crisis. We had very little time to prepare for a remote-teaching regime. Despite of all the odds we have taken appropriate measures to complete the syllabus of various courses on time. The various preparations included:</p> <ul style="list-style-type: none"> <li>•Strengthening our Information and Technology, Physical and Digital infrastructure.</li> <li>•Staff preparation and training: Various arrangements were done for safeguarding the interests of students; division of work between departments was carried out for better implementation of the policy/action plans, and mechanisms for faculty members to remain in touch collectively for mutual support was ensured.</li> <li>•Informing the teaching and non-teaching staffs to work from home for the betterment of the student and community at large and taking the stock of various activities through various modes of regular communication that include online communication.</li> <li>•Offering specialized sessions for effective training of teachers to teach online and to develop online resources for the students.</li> <li>•Discussing the alternate ways to assess and evaluate the students in a continuous manner, throughout the semester comprising of many ways like assignments, projects, activities, quizzes, discussion forums etc in the Academic Council of the University. The methodology to be used including the facility of using online proctored examination was also explored and implemented.</li> <li>•Ensuring that students took home the books, laptops, etc., needed for study at home.</li> <li>•Identifying online platforms available for internships and placements of students and guiding the students to use these platforms effectively.</li> <li>•Even as we made the changes required to teach in different ways, we gave the highest priority to reassuring students and parents the best education they deserve.</li> <li>•We put in efforts to ensure digital equity. We checked in with students and coworkers, especially those who are less comfortable with digital tools to see if they need any help or someone to talk to. Students that lacked the equipment and connectivity were given opportunity to give exams once they return to the campus.</li> <li>•Asynchronous digital classrooms, video lectures, direct online lectures were introduced. Faculty members drew on the abundance of high-quality learning material now available as freely usable Open Educational Resources. Every effort was taken to complete the syllabus in a student friendly manner.</li> <li>•Ensuring results are declared on time and in a fair and transparent manner as always.</li> <li>•We broke the learning into smaller chunks; cleared ourselves with expectations for online participation; provided immediate (or at least frequent) feedback through online knowledge checks, comments on collaborative documents and chat to keep students motivated and moving forward.</li> </ul> <p>We are continuously looking for flexible ways to repair the damage caused by COVID-19's interruptions to learning trajectories.</p> |   |
