

JAYPEE UNIVERSITY OF ENGINEERING AND TECHNOLOGY, GUNA

We are proud to share that Team EMO from Jaypee University of Engineering and Technology (JUET), Guna emerged as a national winner at the prestigious XR Creator Hackathon held during WAVES 2025 at the Jio World Convention Centre, Mumbai from May 1–4, 2025.

Competing against 2,200+ participants from 250+ cities across 25+ states, Team EMO—Utkarsh Rai, Ashutosh Mishra, Himanshu Mahto, and Ishita Gaur—won in the eCommerce & Retail Transformation category with their XR project “Ambio”. They were among the top 40 teams selected for the final showcase and received a share of the ₹5 lakh prize pool.

The team presented their project to Hon’ble Prime Minister Narendra Modi, was awarded by AR/VR expert Dinesh Punni, and interacted with top industry leaders and innovators at the summit.

This win marks a proud moment for JUET, showcasing our students' innovation and excellence on a national stage.
